To Whom It May Concern:

I would like to recommend Mr. Maid, The home cleaning specialists. They have been doing what we call "end of summer cleaning" in summer student housing for the past 4 or 5 years and have always been efficient and dependable. Randy Williams and his staff have met with us yearly several weeks in advance of the scheduled cleaning date to go over the purposed areas to be cleaned and to clarify any changes we might want or need to make. Based on the number of units involved they decide how many people they need to get the job done in the required amount of time.

Randy and his office have been easy to work with and the on site supervisor is eager to please us. He checks in with me daily to be sure they are on target and that we are satisfied with the quality of work. If we need to make adjustments in the quality of what they are doing we discover it the first day so the week goes smoothly for everyone.

In my opinion they have worked well with us and met the needs of my department and George Fox University. We have been very satisfied with the quality of their work, the people they have sent to our campus and the friendliness of each person we have interacted with.

Sincerely,

Ginger Hoover
Superintendent of Custodial Services
George Fox University
