**Subject:** Company Testimonial

Terri:

Our company, Noah & Associates Community Management has been using Mr. Maid for over 6 years. We are very happy with the level of professionalism, related to the quality of work as well as the high level of customer service they provide to not only our clients but to us as well. Time and time again, Mr. Maid continues to outshine their competitors relating to proposal pricing and follow through. I look forward to continuing our working relationship and would highly recommend this company when asked.

Sincerely

S. Pickel

Operations Director

Noah & Associates Community Management
